*Camp Captainingunge,*

*The 26th April 1858.*

I HAVE the honor to report, for the information of Brigadier Rowcraft, Commanding the Gorruckpore Field Force, that having received intelligence yesterday, that a party of Rebels under Sheoghoham Sing, had taken up a position at Pyrah, about six miles North of Bustee, on the road to Rudowlee; I proceeded with the Force noted in the margin to attack them.

I found the Rebels in a large grove of mango trees, terminating in a small village surrounded by bamboos, and separated by small spaces of country from numerous other groves which extended to a considerable distance. Directing the Goorkhas to form line and advance straight at the Enemy, I rode round with my Troop to prevent their retreat from the further side of the grove. At first the Enemy formed line at the edge of the grove of trees, but as the Goorkhas opened, he retired, keeping up a sharp but ill-directed fire, under the shelter of the bamboos

where he, for sometime, made a stout resistance, till driven out by a party of Goorkhas led on by Mr. Wilson, the Assistant Magistrate. As soon as the Rebels appeared in the open, I charged them with my Troop, cutting down and wounding several, and driving them till they were completely dispersed in the surrounding groves.

3. As intelligence had been received, that another party of Rebels were about five miles from Bustee on the North-West, I did not consider it advisable to follow Sheoghoham Sing's party further, and accordingly returned to Camp.

4. Our loss is two killed and five wounded, six horses wounded and one missing.

5. I herewith forward a Casualty List.

6. The Enemy must have numbered from four to five hundred, half of whom however retreated, on the opposite side of the village which I took without taking any part in the fight. Twenty-four bodies were found lying on the field, and amongst them that of Sheoghoham Singh.

I have the honor to be,

from Brigadier General Jones, of the relief of the Garrison of Shahjehanpore, on the 11th Idem; and am to beg that, in submitting it to the Hon'ble the Governor General, you will express His Lordship, His Excellency's entire approval the manner in which the duty entrusted to Brigadier-General has been carried out.

FROM

BRIGADIER-GENERAL JOHN JONES, C. B.,

*Comdg. Shahjehanpore Brigade.*

TO

THE DEPT. ADJT.-GENL. OF THE ARMY.

*Camp Shahjehanpore, 16th May 1858.*

SIR,

By day-light of the morning of the 11th, I reached the ford, which I was to cross, to relieve the Garrison in the Jail of Shahjehanpore.

To cover the crossing of the main body, the Cavalry and No. 7 Light Field Battery crossed over; but on attempting the passage of the heavy Guns, the ford was found impracticable, on account of quicksand.

A large body of the Enemy's Cavalry crossing from the City by the bridge-of-boats, appeared on my right flank, and threatened the baggage in the rear.

Under these circumstances, I changed the plan suggested, and advanced upon the Jail over the bridge-of-boats and through the City.

I therefore withdrew the Guns and Cavalry, which had passed the ford, and formed line with the Infantry, the 60th Rifles and 79th Highlanders being in advance, with the Light Field Battery, and Mooltanee Cavalry on the right, and the heavy Guns and Carabineers on the left; the whole supported by the Wing of Her Majesty's 82nd, and the 22nd Punjaub Infantry.

When within range, the heavy Guns opened on the Enemy's Cavalry, which though led by the Moulvie in person, was scattered by a few well directed rounds from the 8-inch Howitzers.

The Field Guns pushing rapidly on, opened with effect as the Enemy retreated across the bridge.

Having swept this bank clear, the heavy Guns were moved close to the head of the bridge, and the Town I shelled for two hours.

The fire was principally directed on the Fort, and it had the effect of setting the City on fire in several places.

When I had reason to believe that the place was abandoned by the Enemy, I directed Colonel the Hon'ble Percy Herbert, with the Wing of the 82nd Regiment, and two Guns to advance up the street, and occupy the Fort and the head of the stone-bridge on the other side of the Town which was effected without opposition.

These points being secured, and the Troops refreshed by the halt under a tops of trees, I advanced with the 60th and 79th, the four light Guns, and the Carabineers.

I had previously detached Captain Cureton, with the Mooltanee Cavalry across by the ford I attempted in the morning, for the purpose of occupying the attention of the Enemy, while I passed through the Town, and came up in their rear.

He found on approaching the Jail, that the Enemy had moved and was able to open a communication with Colonel Hale.

No opposition was made to my passage through the streets, but on debouching in to the open country, the Enemy's Cavalry was seen in swarms. They were dispersed by the fire of the skirmishers, and retreated towards Mohumdee.

Major Bickerstaff led the Wing he Commands of the Carabineers in pursuit and crossing the nullah, he succeeded in capturing one of the Enemy's Guns, and cutting up a few of their Cavalry.

On my approach, the Enemy abandoned his position around the Jail, and having effected the relief, I pitched my Camp on the parade ground in the vicinity.

I regret to say, that the Troops suffered very severely from the exposure in accomplishing these important operations.

The Brigade marched at 2 o'clock A. M., and the Tents were not pitched till 7 o'clock that evening.

Some men were struck dead by the sun, and several carried into hospital.

The energy with which this trying work was done, and the patience with which the suffering was borne, elicited my highest admiration, and I feel much indebted to the Officers, Non-Commissioned Officers and Men of this Force.

To Colonel the Hon'ble Percy Herbert, C. B., 82nd Regiment; Lieutenant Colonel Taylor, 79th Highlanders; Major Palmer, 60th Rifles; and to Captain Ouseley, 22nd Punjaub Infantry, my thanks are due. Also to Major Bickerstaff, Commanding a Wing of the Carabineers; and Captain Cureton, of the Mooltanee Cavalry; Captain Austin, Artillery; and to Lieutenant Stubbs, in charge of the heavy Guns.

The Members of my Staff, whom I have, on several occasions, mentioned individually, showed their usual energy and cheerful endurance, and I am much indebted to them all.

I enclose a List of the Casualties, and a Statement of the Gun captured.

I have, &c.,

TO

THE DEPT. ADJT.-GENL. OF THE ARMY,  
*Camp Meerpoor, 23rd April 1858.*

SIR,

On the 20th Instant, I forwarded from Nujeeabad, a Statement of the operations of the Column under my Command to the 19th April, and I now proceed from that date to inform His Excellency of the subsequent events.

On the 20th Instant, the heavy Guns arrived at Camp, and information reached me, that the Rebels from Durraingur, six thousand strong, had marched to Nugeenah, and there been joined by the nephews of the Nujeeabad Nawab, with their Followers and Guns.

I moved early on the 21st, and crossed the canal which fronts the Town of Nugeenah by 8½ A. M. The Enemy was then taking up his position. He was late on the ground, and lost the site I conclude he would have chosen. His left thrown forward rested on the canal communicating with the other bank by a bridge, and his line running at an inclined angle to the canal for between two and three miles, reached a tops of trees which covered his right. He had 2 brass Guns on his left, besides some iron pieces, five opposite the bridge by which I crossed, and others distributed along his front. I observed considerable bodies of Cavalry in his line, and I am of opinion from what I saw, and have since heard, that the numbers given by the spies (10,000 Infantry and 2,000 Cavalry) were not exaggerated.

The Squadron 6th Dragoon Guards, I placed on the right flank with 2 Guns, and the skirmishers of the Advanced Guard, the Mooltanee Regiment of Cavalry were on the left, and the remainder of the Field Guns were pushed to the front and opened fire; the Infantry were rapidly formed in line, the 60th Rifles and 1st Punjab in advance, the 17th

Punjab in support; the 1st Sikh Regiment swept the other bank of the canal; the Enemy having poured a body of Troops into our rear by means of the bridge they held.

In this formation, I advanced with the utmost speed: no time was given the Enemy to get our range. The 60th Rifles and 1st Punjab Regiment, charged the 5 Guns, and instantly carried them, while the Squadron Carabineers under Captain Bott, captured at the gallop the Guns on the Enemy's left, one of which had burst on the field.

The Rebels driven from their Guns, attempted to retreat into the City, but I rapidly changed front to the right, throwing the left forward at the double, and cutting off their line of retreat, drove them to the left of the Town. I afterwards found it had been prepared for defence, barricades having been erected in the streets. Bodies of the Rebels sought shelter in walled enclosures, and were there cut to pieces: in one of these nearly two hundred were shot, and the Town being afterwards entered by the 17th Punjab Regiment, numbers were there killed and many taken prisoners. I passed round Nugeenah by the right, and halted in rear of the Town; nothing of the Enemy was to be seen, they had been scattered in every direction.

The Mooltanee Regiment of Cavalry swept round the Town by the left, and moving rapidly in pursuit of the Enemy's Horse, headed the main body of the fugitives on the principal line of the retreat. Captain Cureton with great judgment, drew his men together and concealed them in a tops of trees. Six elephants carrying Officers of importance among the Rebels, accompanied by 18 Guns and a body of Cavalry and Infantry, soon came by; the Mooltanee Regiment charged this body, cutting up the Sowars, and capturing the Elephants and Guns. The Telegraph Signaller taken some time ago by the Enemy was re-taken here, and was the only person carried by the Elephants that escaped death. Captain Cureton led his Regiment some miles in pursuit of other parties of fugitives, and left the ground covered with their bodies. In this action the force captured 10 brass Guns and 5 of iron, a Return of which I have the honor to enclose. It is difficult to estimate accurately the Enemy's loss in men, but it could be little less if not quite 800 killed. I am happy to add, that our loss in obtaining such results is trifling, Lieutenant Gostling being the only Officer or British Soldier killed. Annexed is a List of the Casualties.

I forward also a Despatch from Brigadier Coke, C. B., and I concur most heartily in what he says of his Brigade, and the Officers he mentions; my best thanks are due to himself. His gallantry is always conspicuous, and his energy indefatigable. I have to thank Captain Bott for the manner in which he led his Squadron 6th Dragoon Guards. To that able and most gallant Officer Captain Cureton, Commanding the Mooltanee Regiment of Cavalry, I consider some acknowledgment due, and I would especially recommend him to the notice of His Excellency, for the manner in which his Regiment has behaved on this occasion, and on the 17th Instant, for the way in which he led it, and for the capture of the 3 Guns and the 6 Elephants I have again to thank Captain Austen, for the style he brought his Guns into action, and the admirable fire he kept up.

Brigadier Coke, C. B., has mentioned the gallant manner in which Major Palmer brought the 60th Rifles in their charge up to the Guns, and the admirable conduct of that Battalion. My best thanks are due to him, and to Major Gordon, Commanding the 1st Sikhs, who swept the canal clear of a large body of the Enemy; to Captain Lambert, Commanding the 1st Punjaub Regiment, for his charge on the Guns; and to Captain Larkins, Commanding the 17th Regiment, who did good service in the Town. I have received much assistance from Captain Drummond, Commanding Field Engineer, and his subordinates; also from Surgeon Innes, Field Surgeon, and Captain Carter, Officiating Deputy Commissary General.

I am much indebted to Major Muter, Deputy Assistant Adjutant-General; to Captain Tedlie, Deputy Assistant Quarter-Master-General; to Lieutenant Deedes, Aide-de-Camp; and to Lieutenant Tyler, 20th Native Infantry, Orderly Officer, for their untiring zeal and ability. I have much pleasure in forwarding Captain Cureton's Report of the gallant conduct of Mr. Hannah, of the Roorkee College; and in seconding the application of Brigadier Coke, that this brave young gentleman may obtain a Commission for his conduct in the Field.

*Camp Dhanpore, 22nd April 1858.*

SIR,

WITH reference to the attack yesterday, on the Rebel force posted in front of the Town of Naggeenah, I have the honor to report for the information of the Brigadier General Commanding, that while the Force was passing the bridge over the canal, the Advanced Guard of the 60th Royal Rifles, reported the Enemy advancing in our front. I sent an order to the rear, to bring up the Infantry. The Mooltanees Cavalry, Captain Austen's Battery, and the 60th Royal Rifles, had already crossed the above-mentioned bridge.

The Artillery under Captain Austen, moved rapidly to the front, and opened fire in reply to the Enemy's Advance Guns, which was in a grove of trees about nine hundred yards to our front. The 60th Royal Rifles formed line, and advanced steadily to the front. The 1st Punjaub Infantry were formed to their left, and the Mooltanees Cavalry on the left front of the 1st Punjaub Infantry.

Observing the Rebel Cavalry advance to turn our left, I directed Captain Cureton Commanding the Mooltanees Cavalry, to attack them, and after driving them back to turn the right of the Enemy's Infantry. The 1st Punjaub Infantry were ordered by me to advance, and take the Guns in flank, while the 60th Royal Rifles moved to the front.

These orders were well and rapidly carried out; the Rebels finding their flank completely turned, retreated hastily, abandoning their Guns, and were followed up for nearly two miles by the Artillery, 60th Royal Rifles, and 1st Punjaub Infantry.

Simultaneously with this move on the left, I sent directions to Major Gordon, Commanding 1st Sikh Infantry on the right, to move down both banks of the canal, which were thickly wooded and full of the Rebel Infantry. This was carried out in a most satisfactory manner, and the Enemy defeated at all points, fled rapidly.

The 17th Punjaub Infantry were held in reserve. Soon after our arrival at "Naggeenah" when the suit of the Infantry had ceased, Captain Larkins was ordered with his Corps to clear the city of the Rebels, numbers were killed and taken prisoners. Numbers in their retreat, threw themselves into large walled gardens near the Town, from which but few escaped alive.

It is quite unnecessary for me to say any thing in praise of the 60th Royal Rifles, who have always distinguished themselves. On the 17th and 22nd Instant, they proved themselves to be the perfection of Light Infantry.

My thanks are due to Major Palmer, Commanding the 60th Royal Rifles; Major Gordon, Commanding 1st Sikh Infantry; Captain Lambert, Commanding 1st Punjaub Infantry; and Captain Larkins, Commanding the 17th Punjaub Infantry; who carried out their orders most efficiently.

Captain Anderson, Major of Brigade, has shown himself on this and all other occasions, and most efficient Staff Officer.

Captain Payrott, of the Hupper Stud attached to the Camp; and Captain Smith, of the Pathan Horse, acted as my Orderly Officers; I am much obliged to them for their exertions.

I beg to forward herewith a Report from Captain Cureton, which was forwarded at my request, of the conduct of a young Student of the Roorkee College, in the hopes that his gallant conduct may lead to his advancement, or to his obtaining a Commission of which he appears most deserving.

SIR,

WHEN ordered by you to advance, and out-flank the Enemy yesterday morning, I was joined by a young gentleman, who I thought was a young Officer, but who I have since learnt was Mr. Hannah, of the Roorkee College. He begged permission to join my Regiment as a Volunteer, which I gladly assented to.

During the charge and pursuit, Mr. Hannah behaved with great gallantry; but I regret exceedingly to say, that he has received two dangerous wounds. I trust he will soon recover from them, and that he will not be ultimately a sufferer for his distinguished conduct.

I have, &c.,

Depty. Asst. Adjt.-Genl.,  
Shahjehanpore Brigade.

TO

THE CHIEF OF THE STAFF  
Camp Shahjehanpore, 15th May 1858.

SIR,

I AM directed by Brigadier-General Jones, Commanding Shahjehanpore Brigade, to inform you, that the Enemy led by the Moulvie, attacked his position at Shahjehanpore at 12 o'Clock this day.

The intelligence was, that the Rebels in great force would attack at daylight, and in three Columns. The Brigadier-General therefore took up his position at 2 o'Clock A. M. The Enemy did not attack till 12 o'Clock when he opened fire from the ridge that runs along the left bank of the nullah on the Mohumdee side of Shahjehanpore. His Guns were too far to produce any effect, but his Cavalry, of which he had a very large force, crossed this nullah a few miles up, and charged on our Guns with considerable loss to themselves, but none to us. The Troops will bivouac to-night on the ground they occupy.

The Enemy have not all withdrawn, and the Brigadier-General remains out in the Field. He has directed me to write and forward this express.

Had the information been positive, something might have been done to capture the Rebels' Guns, but an attack on the City and on the left flank was looked for, and cautious measures adopted.

A strong patrol of Moolazee Cavalry have crossed the nullah, and the Brigadier-General awaits intelligence of the Enemy's movements.

I have, &c.,

TO

THE CHIEF OF THE STAFF  
Camp Shahjehanpore, 16th May 1858.

SIR,

IN continuation of the express of yesterday, I have to inform you, that the Troops have this morning been withdrawn to Camp.

The Enemy is said to have retreated to Mohumdee. His loss is reported as considerable. A Chief of importance is among the killed, but it has not yet been ascertained who he is.

There can be no doubt that several of the Chief Rebels led the attack yesterday, and it is the general opinion, that they have been much disheartened by the result.

Further intelligence will be sent express when it is received by me, and I have considerable bodies of Cavalry out.

As far as I can make out, the Enemy opened with 8 Guns.

I have &c.,

(Signed) JOHN JONES, Brigdr. Genl.,  
Comdg. Shahjehanpore Brigade.

FINANCIAL DEPARTMENT.

SIR,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last: viz. that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceeding), under the new Uncovenanted Civil Service Absence Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

5. But this arrangement seems to His Lordship in Council to be insufficient: It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the Government Gazette, is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,

SIR,

Your most obedient Servant,

B., Commanding Roorkhee Field Force, detailing his operations since leaving Moradabad on the 3rd, and his actions with the Rebels on the 5th and 6th of May, near and at Bareilly:—

FROM

BRIGADIER-GENERAL JONES, C. B.,

*Comdg. Roorkhee Field Force.*

TO

THE CHIEF OF THE STAFF,

*Camp Shahjehanpore, 13th May 1858.*

SIR,

On the 3rd instant, the Field Force left Moradabad for Bareilly, and on the morning of the 5th approached Meerungunge, where a strong picquet of the Rebel Army was entrenched.

The Force that had been detached under Major Gordon, was re-called and joined near the village of Moollick.

I placed 4 Guns of No. 7 Light Field Battery on the right, supported by the Squadron of Carabineers and the Affghan Horse.

To the left I sent 2 Guns, and the Mooltanee Cavalry.

In the centre on the road were the heavy Guns, the 1st Sikhs on the right and the Royal Rifles on the left, supported by the 17th Punjaub Infantry. The 1st Punjaub Rifles were on the left of the 60th. In this formation, I passed through the Enemy's entrenchments, which he abandoned as I approached, retreating towards the River Dojoom. As I saw it was not his intention to stand on this side of the stream, I determined to push him rapidly, and endeavoured to capture his Guns, before they could be got into position on the other bank.

The Cavalry and Artillery on the right, were ordered to pass rapidly round a village, and come down on the Enemy's flank.

This order was admirably carried out by Captain Smith in Command who, moving swiftly, came up with the Rebels, and charging with the Affghan Horse, cut down a considerable number.

Finding it now impossible to get his 3 Guns over the ford, with this body in such close pursuit, the Enemy halted, formed up his Cavalry, and opened fire with his Guns.

Captain Austin instantly replied with shrapnell, and the destructive nature of this fire, and the imposing advance of the Carabineers, disconcerted these Horsemen, who turned and fled, leaving the Guns in Captain Smith's hands.

The Enemy attempted no further opposition, his well mounted Cavalry retreated rapidly to Bareilly with the General who had been sent from that City, with re-inforcements to check my advance.

The Field Force crossed the Dojoom, and encamped on the left bank.

I enclose Captain Smith's Report, and also a detailed Statement of the captured Ordnance.

Early the next morning, I struck my Camp and drew up the Force close to the City of Bareilly. I failed in gaining positive intelligence of His Excellency's movements, as the country was swarming with fugitive Sowars, but my information led me to believe, that Khan Bahadoor had been defeated the day before, and that the Commander-in-Chief's Camp was pitched in the Cantonment.

I detached Captain Carleton with the Mooltanee Cavalry to the left, which appeared to be the Enemy's principal line of retreat, and this excellent Officer cut up about 100 of their Cavalry and Infantry among whom was the General, who had been sent out to oppose me.

Brigadier Coke led a party of Cavalry to the bridge, by which Bareilly is entered on this side, where he was informed some Guns had been abandoned; but he found them in position, and they opened on him with grape.

On this being reported to me by Major Muter, I ordered up the heavy Guns, and threw strong parties of the Royal Rifles into the gardens through which the road leads.

Brigadier Coke having reconnoitred and obtained a most correct idea of the position of those Guns, suggested, that our heavy Artillery should be moved to the right. Lieutenant Stubbs in charge, got his Guns into position at about 1200 yards, and made some excellent practice.

By this fire, and that of the Rifles from the gardens, the Enemy were quickly silenced, when the Royal Rifles advanced, supported by the 17th Punjaub Infantry, and rushing up the street, captured at the point of the bayonet, the Guns the Enemy were endeavouring to withdraw.

Some Gazies threw themselves on these Soldiers, and were killed in the streets and adjoining houses; but a most valuable Color Sergeant of the Rifles was slain, and some men received severe sword cuts.

Under the direction of Brigadier Coke, the captured portion of the City was secured, the principal points being occupied, and barricades erected in the streets.

While these operations were being performed, Captain Lambert with the 1st Panjab Rifles, 2 Guns and the Squadron of Carabineers, made corresponding advance on the left, and bringing their left shoulders forward, swept the gardens clear of the Enemy, and advanced upon the bridge.

Entering the City with a portion of the Panjab Rifles, he took part in the operations already described.

Captain Cureton was detached with a Squadron, and accompanied by my Aide-de-Camp, Lieutenant H. Deedes, passed round this City and entered His Excellency's Camp, whom I met the next morning in the centre of the City.

In these, the last operations of the Roorkee Field Force, 3 more Guns were captured, making in all since crossing into Mohilcund on the 17th Instant, 36 pieces of Artillery.

The reputation borne by Brigadier Cape, C. B., led me to expect most valuable assistance from that Officer, and in this, I had in no instance, been disappointed. His high courage, energy, and judgment, render him an ornament to the service to which he belongs.

I am much indebted also to the Officers of his Brigade; to Major Palmer, who has so well Commanded the 1st Battalion 60th Rifles; to Major Gordon, Commanding the 1st Sikhs; Captain Larkins, of the 17th Panjab Infantry; and Captain Lambert, of the 1st Panjab Rifles.

I have before expressed the high estimation in which I hold Captain Cureton, of the Mooltanee Cavalry, who has shown himself so admirable a leader of Irregular Cavalry; and I am happy in bringing to His Excellency's notice, the distinguished part taken by Captain Smith, of the Affghan Horse, in the operations of the 5th.

I am much indebted to both Captain Austin, of the Artillery, and Captain Rott, of the Carabineers; for the steady support which they have always rendered.

I have also to notice three Officers, of the 60th Rifles, whose companies did such excellent and gallant service in the City; Captain Bowles, Captain McQueen, and Lieutenant Ashburham.

I have received every assistance from Major Muter, Deputy Assistant Adjutant-General, also from Captain Tedlie, Deputy Assistant Quarter-Master General; Lieutenant H. Deedes, Aide-de-Camp, and Lieutenant Tyler, Orderly Officer. I am much indebted to that most valuable Officer, Captain Drummond, of the Engineers, and Lieutenant Brownlow, of the same Corps, and also Lieutenant W. Joffreys, who Commanded the Sappers and Miners.

Surgeon Yunos, Field Force Surgeon, has always exerted his excellent judgment and great skill to the utmost; and I am indebted to Captain Carter, Deputy Commissary General, for his untiring zeal.

I have, &c.

(Signed) JOHN JONES, Brigdr.-Genl.,  
Comdg. Roorkee Field Force.

FROM

CAPTAIN A. SMITH.

Commanding Affghan Horse.

TO

MAJOR D. D. MUTER,

Assistant Adjutant General,

Roorkee Field Force.

Camp Baroolly, the 7th May 1858.

B., Commanding the Roorkee Field Force, that on the 5th Instant, agreeably to orders, I followed in pursuit of the retreating Enemy from the village of Meerghun, with the Affghan Horse and Cuck's Rissalah, the latter under Lieutenant R. Angelo, 1st Panjab Infantry. Strength together about 150.

During the pursuit, several fugitive Horsemen were overtaken and immediately cut down. After about 3 miles chase, we came upon a horsed Gun which had been abandoned by the firing Enemy; having secured which, we had advanced, but a short distance in continuance of the pursuit, when the Rebels opened on us with grape and round shot; observing that their fire swept down the road, I made a movement to the right, intending to charge their left flank, as however, there was a very large force of Cavalry in support of their position, and as my men had become much scattered owing to the rapidity of the pursuit, I deemed it necessary to wait till I should get a larger body collected.

The Enemy perceived our flank movement, and kept turning their Guns on us, thus removing their fire from the road, and leaving it clear for advance of Artillery of the Advanced Guard, which now came up, and taking up their position on our left opened fire.

During our gradual movement to the right, we were under a heavy fire as the Enemy had our range exactly. My own Horse was killed under me by a round shot, as was also that of a Sowar; and some were wounded with grape.

As soon as our Artillery ceased firing, we galloped forward, and got possession of 2 more Guns, killing down the few Men who were just abandoning them, and continued the pursuit as far as the nullah at Dejoora. Here observing the Enemy assembled, about 700 strong, on the opposite bank, and most of our own party being very much behind, owing to the length of the pursuit, and the rapidity of the Rebel's flight, I drew up in a tope on this side to get my Men together, deeming that I carried out the orders I received in capturing the 3 Guns which were all, the Enemy were reported to have possessed. I should consider the Enemy's loss to be about 60 killed. Our own Casualties were of the Affghan Horse:—Men wounded 3, missing 1, supposed to be killed; Horses 1 killed, and 2 wounded. In Cuck's Rissalah, Men wounded 2, Horses killed 1, and wounded 1. The Enemy's force consisted almost entirely of Cavalry, and these well mounted.

I have, &c.

FINANCIAL DEPARTMENT.

SIR,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office might invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last; viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

GOVERNMENT having directed the discontinuance of the extra Establishment entertained in this Office, for the Audit of the Central Provinces Accounts, during its temporary transfer to this Department from the end of March last, all Bills and Correspondence connected with the aforesaid Accounts that remained undisposed of at the time of the abolition of the above Establishment, and were since submitted to this Office, have been forwarded to the Civil Auditor of the N. W. Provinces for

The Officers of the late Central Provinces, however, not having been apprised of this circumstance, are continuing to send in their Bills and Correspondence as usual, and as the receiving and returning these documents constitutes a great labor, it is notified for the information of the Officers in question, that it will be at the risk of delaying the Audit of their Bills, that they submit them to this Office in future, not to mention the great inconvenience to which they will subject this Department by so doing.

## Legislative Council of India.

The 5th June 1858.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 18th day 1858 (communicated to the Legislative Council on the 5th June 1858), is hereby promulgated for general information:—

ACT No. XX OF 1858.

*An Act to facilitate the recovery of land and other real property, of which possession may have been wrongfully taken during the recent disturbances in the North-Western Provinces of the Presidency of Bengal.*

**WHEREAS** there is reason to believe that, during the recent disturbances in the North-Western Provinces of the Presidency of Bengal, many persons have, without authority of law, been dispossessed of land or other real property: and it is expedient to provide a more easy and speedy means whereby they may obtain redress than is afforded by the ordinary remedy of a regular Civil action: It is enacted as follows:—

1. It shall be lawful for the Executive Government of the North-Western Provinces of the Presidency of Bengal to appoint one or more Special Commissioners for the summary determination of cases of wrongful dispossession of land or other real property in any part of the territories subject to its jurisdiction; and to assign, from time to time, such local jurisdiction to the Special Commissioner or Commissioners so appointed as may appear proper.

II. Whenever any Special Commissioner, appointed under this Act, shall be vested, by order of such Executive Government, with jurisdiction in any District or Districts or in any part or parts of any District or Districts, notice thereof shall be given by a written proclamation, of which copies shall be affixed in the several Courts and in the Offices of the several Collectors and Magistrates of such District or Districts; and the powers heretofore vested in the Courts of such District or Districts, in respect of all cases cognizable by the Special Commissioners appointed under this Act, shall be suspended until such Courts shall be informed by an order, under the signature of the Secretary to Government, that the local jurisdiction of the Special Commissioner has ceased, of which notice shall be given by proclamation in the manner aforesaid. Provided that nothing in this Section shall interfere with the trial and decision of any case which may be pending before any Court at the time of the passing of this Act, unless such case be transferred for trial and decision to a Special Commissioner appointed under this Act.

III. Any case pending before any Court sitting as a Court of original jurisdiction at the time of the passing of this Act, in respect of a matter made cognizable by a Special Commissioner appointed under its provisions, shall, on the application of the party complaining, be transferred to the Special Commissioner within the limits of whose jurisdiction the property in dispute is situate; and such Commissioner shall summon the Defendant and proceed to dispose of the case in the same manner as if it had been instituted before himself.

**IV. The Special Commissioners appointed under this Act may hold a Court at any place within the limits of their jurisdiction, which may appear most convenient for the trial of cases brought before them.**

*Court of the Commissioners where to be held.*

**V. Whenever any Special Commissioner shall be vested with jurisdiction under this Act, such Commissioner shall issue a proclamation requiring all persons within the limits of his jurisdiction who may, without authority of law, have taken possession of any land or other real property, situated within such limits, subsequently to the 10th May 1857, to deliver up the same, within a period to be fixed in the proclamation, to the party who was in possession at the time when such unlawful possession was taken; and warning all persons that, in the event of their failing to comply with such requisition, and of its being afterwards proved, on the complaint of the party ousted, that they had, without authority of law, taken possession of the land or other real property mentioned in the complaint subsequently to the said 10th May 1857, and that they continue in possession of the same, they will not only be ejected from such land or other real property, and be compelled to account for any mesne profits that may have accrued during the period that they may have held possession thereof, but will also be liable to such punishment as the Special Commissioner may award under the powers vested in him by this Act. Copies of such proclamation shall be affixed in the Court of the Special Commissioner, and in the several Courts and in the Offices of the several Collectors and Magistrates of the District or Districts to which the jurisdiction of the Special Commissioner may extend.**

**VI. After the expiration of the period mentioned in the proclamation, any person who may, without authority of law, have been dispossessed of any land or other real property subsequently to the said 10th May 1857, may apply to the Commissioner, within whose jurisdiction such land or other real property is situate, to be re-instated in the possession of the same. The application may be written on plain paper, and shall contain the following particulars:—**

*Applications by persons unlawfully dispossessed.*

1. Name, description, and place of abode of the Plaintiff.
2. Name, description, and place of abode of the Defendant.
3. The subject of the complaint, the title under which the Plaintiff claims to have been in possession thereof, and the date on which he was dispossessed.

**VII. Whenever such application may be made, the Special Commissioner shall examine the Plaintiff, on oath or solemn affirmation, as to the truth of his complaint; and if satisfied that there is probable cause for instituting the complaint, he shall issue a summons requiring the Defendant to appear and make defence in person on a day to be fixed in the summons; or, if he see sufficient cause for so doing, he may issue his warrant for the arrest of the Defendant and for his being brought before his Court on a day to be fixed in the warrant. Provided that the Special Commissioner may, for any good or sufficient rea-**

**VIII. On the day fixed for the appearance of the Defendant, the parties shall bring their witnesses into Court, together with any documents on which they may intend to rely in support of their respective statements; and if either party require the assistance of the Special Commissioner to procure the attendance of a witness on such day, he shall apply to the Special Commissioner in sufficient time before the day fixed for the appearance of the Defendant, and the Special Commissioner shall issue a subpoena requiring such witness to attend his Court on that day.**

*Attendance of witnesses.*

**IX. On the day fixed for the appearance of the Defendant, or as soon after as may be practicable, the Special Commissioner shall proceed to examine the parties or their representatives (in cases where personal attendance is excused) or such of them as may be present, and their witnesses; and if, upon such examination, and after inspecting the documents of the parties, and making any further enquiry which may appear to him necessary, the Special Commissioner shall be of opinion that the complaint is substantiated, he shall order the Plaintiff to be put again into possession of the property in dispute, and to be maintained in possession thereof: he may also adjudge the Plaintiff to be entitled to recover from the Defendant mesne profits for the period during which the Defendant may be found to have been in possession of the property. It shall further be lawful for the Special Commissioner, on proof that the Defendant continued in possession of the property in dispute after the expiration of the period fixed by the proclamation, to sentence him to imprisonment in the Criminal jail with or without labor for a period not exceeding seven years, or to a fine, or to both imprisonment and fine.**

**X. The provisions of the Regulations and Acts for procuring the attendance of witnesses, and for the examination, remuneration, and punishment of witnesses in suits before the Civil Courts, shall be of equal force and effect in complaints tried under this Act.**

*Attendance, examination, &c. of witnesses.*

**XI. The order of the Special Commissioner for giving possession of the whole or any portion of the land or other real property to which the complaint may relate, shall be immediately executed; and it shall be competent to the Special Commissioner to call in the aid of the Magistrate, if necessary, for the purpose of enforcing the same. If the order adjudge the Defendant to be liable to pay to the Plaintiff mesne profits, it shall specify the period for which the same shall be paid, and the Commissioner shall refer the case to the Collector to adjust the amount. In cases so referred, it shall be competent to the Collector to levy the amount which may be awarded by him, and also the amount of any fine which may have been imposed by the Special Commissioner upon the Defendant, by the same process as is authorized for the recovery of arrears of the public Revenue. All proceedings of a Collector under this Section**

shall be subject to the control and revision of the next superior Revenue authority whose order shall be final.

XII. All orders passed by a Special Commissioner in cases cognizable under this Act, shall be final; but nothing in this Act shall be held to preclude either of the parties to the case from instituting a regular suit to establish his right to the property in dispute under the rules applicable to regular Civil suits.

XIII. This Act may be extended by the Governor General in Council, or by the Executive Government of any Presidency or place, to any District or Districts within the limits of their respective Governments in which disturbances shall have taken place subsequently to the said 10th May 1857; and it shall be lawful for the Governor General in Council or such Executive Government to exercise, in the District or Districts to which this Act may be so extended, all the powers vested by this Act in the Executive Government of the North-Western Provinces.

XIV. This Act shall continue in force for the period of three years.

II. No Native Passenger Ship shall depart or proceed upon any voyage to which this Act extends from any Port or place within the said territories other than such Ports and places as the local Government may from time to time appoint; and after any Native Passenger Ship has departed or proceeded upon any such voyage from a Port or place so to be appointed, no person whatsoever shall be received on board as a passenger except at some other duly appointed Port or place.

III. No Native Passenger Ship shall depart or proceed upon any such voyage from any Port or place appointed under this Act, until the Master shall have obtained a certificate from an Officer authorized to grant the same.

IV. If any Native Passenger Ship departs or proceeds upon a voyage from any Port or place within the said territories, or if any person is received as a passenger on board a Native Passenger Ship in contravention of the provisions of the last two preceding Sections, the Owner or Master shall be liable to a penalty not exceeding one hundred Rupees for every passenger conveyed on a Ship unlawfully departing or proceeding on such voyage, or for every passenger unlawfully received on board; and the Ship, if found within two years in any place within the said territories, may be seized and detained by any Chief Officer of Customs until the penalties incurred under this Act have been adjudicated, and the payment thereof, with all costs, have been enforced under the provisions of Section XXIX.

V. The local Government shall appoint such persons as it may deem proper to exercise or perform the powers and duties conferred or imposed by this Act.

VI. The Master of any Native Passenger Ship sailing from any Port or place appointed under this Act, shall give notice to the proper Officer that the Ship is to carry Native Passengers, and of her destination, and of the proposed day of sailing; such notice shall be given not less than three days before the proposed day of sailing.

VII. After receiving such notice, the Officer aforesaid, or any person authorized by him, shall be at liberty at all times to enter and inspect the Ship and the fittings, provisions, and stores therein; and any person impeding or refusing to allow such inspection, shall be liable, on conviction, to a penalty not exceeding five hundred Rupees for each offence.

VIII. The Officer aforesaid may, if he think fit, cause the Ship to be surveyed at the expense of the Master by a competent surveyor, who shall report whether the Ship is, in his opinion, sea-worthy and fit for her intended voyage.

IX. The Master of any Native Passenger Ship shall give notice of day of sailing.

X. The Master of any Native Passenger Ship shall give notice to the proper Officer that the Ship is to carry Native Passengers, and of her destination, and of the proposed day of sailing; such notice shall be given not less than three days before the proposed day of sailing.

XI. After receiving such notice, the Officer aforesaid, or any person authorized by him, shall be at liberty at all times to enter and inspect the Ship and the fittings, provisions, and stores therein; and any person impeding or refusing to allow such inspection, shall be liable, on conviction, to a penalty not exceeding five hundred Rupees for each offence.

XII. The Master of any Native Passenger Ship shall give notice of day of sailing.

XIII. The Master of any Native Passenger Ship shall give notice to the proper Officer that the Ship is to carry Native Passengers, and of her destination, and of the proposed day of sailing; such notice shall be given not less than three days before the proposed day of sailing.

Officer to be satisfied before giving certificate —

1. That the Ship is sea-worthy and properly manned, equipped, fitted, and ventilated; and has not on board any cargo likely, from its quality, quantity, or mode of stowage, to prejudice the health or safety of the passengers.

2. That the space appropriated to the passengers in the between-decks contains at the least nine superficial and fifty-four cubical feet of space for every adult passenger on board, that is to say, for every passenger above twelve years of age, and for every two passengers between the ages of one year and twelve years.

3. That a space of four superficial feet per adult is left clear on the upper deck for the use of the passengers.

4. That provisions, fuel, and water have been placed on board, of good quality, properly packed, and sufficient to supply the passengers on board during the declared duration of the intended voyage, according to the scale hereinafter contained.

X. No such Ship shall carry any greater number of passenger than, together with the Master and crew, shall amount to the proportion of two persons for every three tons of the registered or estimated tonnage of the Ship.

XI. The Master of any such Ship, before departing or proceeding on any such voyage from any Port or place within the said territories, shall sign two lists, specifying (as accurately as may be) the names of all the passengers, and stating the number of the crew; and shall deliver them to the Officer aforesaid, who shall thereupon (after having first mustered the passengers and compared the number and names of such passengers with the lists) counter-sign and return to the Master one of such lists. The Master shall note in writing on such last-mentioned list, and on any additional list to be made under this Act, the date and supposed cause of death of any passenger who may die on the voyage, and shall forthwith, on the arrival of the Ship at her destination or at any Port in the said territories at which it may be proposed to land passengers and before any passengers are landed, produce the list, with any additions thereto made, to any person lawfully exercising Consular authority on behalf of Her Majesty at the Port of arrival if it be a Foreign Port, or to the Chief Officer of Customs, or the Officer (if any) appointed under this Act, at any Port or place within the said territories at which it shall be intended to land the passengers or any of them. In case of non-compliance with any of the requirements of this Section on the part of the Master, or if any false entry be wilfully made in any such list, the Master shall be liable to a penalty not exceeding five hundred Rupees for each offence.

XII. If, after the Ship shall have departed or proceeded on any such voyage, any additional passengers are taken on board at a Port or place, within the said territories, appointed under this Act for the embarkation

of passengers, or if such Ship shall, upon her voyage, touch or arrive at any such Port, having previously received on board additional passengers at any place out of the said territories, the Master shall obtain a fresh certificate from the Officer at such Port, and lists of all such additional passengers shall be made; and all the provisions hereinbefore contained in that behalf shall be applicable to any certificate to be granted or any list to be made under this Section.

XIII. If any Master of a Ship, after having obtained a certificate under Section III or Section XII of this Act, shall fraudulently do or suffer to be done any act or thing whereby such certificate shall become inapplicable to the altered state of the Ship, its passengers, or other matters to which such certificate relates, he shall be liable to a penalty not exceeding two thousand Rupees.

XIV. The Chief Officer of Customs, or the Officer (if any) appointed under this Act, at any Port or place within the said territories at which the Ship shall touch or arrive, shall, with advertence to the requirements of this Act, transmit any particulars which he may deem important respecting the Ship and the passengers conveyed therein, to the Officer at the Port from which the Ship commenced her voyage, and also to the Officer at any other Port within the said territories where the passengers or any of them embarked.

XV. In any proceeding for the adjudication of any penalty incurred under this Act, any document purporting to be a report of such particulars as are referred to in the last preceding Section, or a copy of the proceedings of any Court of Justice duly authenticated, and also any like document purporting to be made and signed by any person lawfully exercising Consular authority on behalf of Her Majesty in any Foreign Port, shall be received in evidence, if the same appears to have been officially transmitted to any Officer at or near the place where the proceeding under this Act is had.

XVI. It shall be lawful for the local Government, by any proclamation to be from time to time issued for that purpose and published in the Government Gazette (if any), or in one of the public newspapers, to declare what shall be deemed, for the purposes of this Act, the duration of the voyage of any Native Passenger Ship from any Port or place to any other Port or place.

XVII. Every Native Passenger Ship, at the time of departure from the Port or place at which passengers shall be embarked under this Act, shall have on board good and wholesome provisions for the use and consumption of the passengers, over and above the victualling of the crew, to the amount or in the proportion following, that is to say, a supply of water to the amount of five gallons to every week of the computed voyage for every passenger on board, such water being carried in tanks or sweet casks, and a supply of rice, flour, oatmeal, or bread stuffs, to the amount of seven pounds weight to every week of the computed voyage for every such

passenger: provided always that, when any such Ship shall be destined to call at a Port or place in the course of her voyage for the purpose of filling up her water-casks, a supply of water at the rate before mentioned for every week of an average voyage to such Port or place of calling, shall be deemed to be a compliance with this Act. The provision of this Section regarding food shall be deemed to have been complied with in any case where it shall appear that, by the special authority of the local Government, any other articles of food were substituted for the articles above enumerated as being equivalent thereto.

XVIII. The requirements of this Act respecting the supply of provisions for passengers shall not, except as to the supply of water, be applicable to any passenger who may have contracted to furnish his own provisions.

XIX. If any Ship, bringing passengers from any Port or place in the Red Sea or Persian Gulf to any Port or place within the said territories, shall have on board a greater number of passengers or persons than in the proportion prescribed by this Act, the Master of such Ship shall, in addition to any other penalty which he may have incurred under the provisions of this Act, be liable, on conviction, to a penalty not exceeding fifty Rupees for each person in excess of such proportion.

XX. Nothing in the foregoing provisions of this Act contained shall apply to any Ship-of-War or Transport belonging to or in the service of Her Majesty or of the East India Company, or to any Ship-of-War belonging to any Foreign Prince or State, or to any Ship under contract with the Government of any European State, or to any sea-going Steam Vessel regularly employed in the conveyance of the public mails under a contract.

XXI. Steam Vessels which may be intended to carry passengers on coasting voyages from or to any Port or place whatsoever within the said territories, shall, before proceeding on such voyages, be furnished with certificates, to be granted in the manner hereinafter provided.

XXII. Every such certificate shall be granted at the discretion of an Officer authorized to grant the same by the local Government, and shall remain in force for the period therein specified, unless sooner revoked. The Officer so authorized shall not grant such certificate, or suffer the same to remain in force, unless he is satisfied, by inspection or survey (to be made at least twice in each year at the expense of the Master or Owner, and upon payment of a fee not exceeding twenty Rupees), that such Steam Vessel is sea-worthy, and properly equipped with boats and otherwise, and that the engines and machinery are in a fit state to enable her to proceed on her voyage. The certificate shall state the limits (if any) within which the vessel is to ply, and the number of Native Passengers which the Vessel is permitted to carry: such number to be subject to such conditions and variations according to the time of year,

the nature of the voyage, and the cargo carried as the case requires.

XXIII. The Owner or Master of any such Steam Vessel shall put up in a conspicuous part of the Ship, so as to be visible to persons on board the same, a copy of the said certificate, and shall cause it to be continued in such position so long as the certificate remains in force; and in default, such Owner or Master shall for each offence be liable to a fine not exceeding two hundred Rupees.

XXIV. If such Steam Vessel has on board thereof any number of passengers which, having regard to the time of the year and other circumstances, is greater than the number allowed by the certificate, the Owner or Master shall be liable to a fine not exceeding twenty Rupees for every passenger over and above the number allowed by the certificate.

XXV. If any such Steam Vessel shall proceed on any such voyage without such certificate as aforesaid, the Owner or Master shall be liable to a fine not exceeding five hundred Rupees.

XXVI. In the grant or revocation of any certificate whatsoever under this Act, the Officer granting the same shall be subject to the control of the local Government or of any intermediate authority which that Government may appoint.

XXVII. If any Native Passenger in any Ship shall be landed at any Port or place other than the Port or place at which he may have contracted to land, unless with his previous consent, or unless such landing is made necessary by perils of the sea or other unavoidable accident, the Master shall, for each offence, be liable to a penalty not exceeding two hundred Rupees.

XXVIII. Nothing in this Act contained shall take away or abridge any right of action which may accrue to any Native Passenger, or to any other person, in respect of the breach or non-performance of any contract made with the Master or Owner of the Ship or his Agent.

XXIX. All offences against this Act shall be punishable in a summary manner by a Magistrate. If the person directed to pay any penalty is the Master or Owner of a Ship, and the same is not paid at the time and in the manner prescribed by the order of payment, the Magistrate may, in addition to the means prescribed by law for enforcing payment, direct by warrant the amount remaining unpaid to be levied by distress and sale of the said Ship, her tackle, furniture, and apparel.

XXX. For the purpose of the adjudication of penalties under this Act, any offence shall be deemed to have been committed within the limits of the jurisdiction of the Magistrate of the place where the offender is found.

**XXXI.** The penalties to which Masters and Owners of Ships are liable by this Act, shall be enforced only by information laid at the instance of the Officers appointed to grant certificates under this Act; or, at any Port or place where there is no such Officer, by the Chief Officer of Customs.

**XXXII.** Any Magistrate imposing any penalties under this Act may, if he thinks fit, direct the whole or any part thereof to be applied in compensating any person for any wrong or damage which he may have sustained by the act or default in respect of which such penalty is imposed, or in or towards payment of the expenses of the proceedings.

The words "local Government" shall mean the person or persons for the time being immediately administering the Executive Government of that portion of the said territories where the Port or place in question is situate.

The word "Master" shall include every person having command or charge of a Ship or Steam vessel.

**XXXIV.** This Act shall commence and take effect from and after the 1st day of August 1858.

### Legislative Council of India.

The 5th June 1858.

The following Bill was read a second time in the Legislative Council of India on the 5th June 1858, and was referred to a Select Committee who are to report thereon (under a suspension of the Standing Orders) within one month:—

*A Bill for the relief of persons who, in consequence of the recent disturbances, have been prevented from instituting or prosecuting suits or appeals in the Civil Courts of the North-Western Provinces within the time allowed by law.*

**WHEREAS**, During the recent disturbances, many of the Civil Courts in the North-Western Provinces were compelled to suspend their sittings for considerable periods; and whereas, during this interval, the time allowed by law for instituting and prosecuting original suits and appeals has in many cases expired, and it is proper to provide relief for the complainants and appellants in such cases; It is enacted as follows:—

**I.** Whenever, subsequently to the 10th May 1857, the sittings in any Civil Court in the North-Western Provinces may have been suspended in consequence of the disturbed state of the country, it shall be competent to such Court to receive and try, or to re-admit any original suit or

appeal within its jurisdiction, in which the period allowed by law for instituting or prosecuting the same may have expired during the time that the sittings of such Court were so suspended, provided that the complainant or appellant, according as the case may be, shall present his petition of plaint or appeal, or, if the suit or appeal shall have been previously instituted but shall have abated for want of prosecution, shall make an application for the re-admission of the same within the period of three months from the date on which the principal Civil Court of original jurisdiction in the District shall issue a proclamation, copies of which shall be affixed in some conspicuous place in the several Courts and in the Office of the Collector and Magistrate of the District, notifying that the Courts of the District, or such of them as it is intended to re-establish, have resumed their sittings.

**II.** In like manner any Civil Court in the North-Western Provinces may receive and try, or re-admit any original suit or appeal in which the period allowed by law for instituting or prosecuting the same may have expired

subsequently to the said 10th May 1857, if it shall appear to the satisfaction of such Court that the complainant or appellant in such suit or appeal was precluded from instituting or prosecuting it within the limited period, owing to the disturbed state of the country whereby access to such Court was rendered dangerous or difficult, provided that the complainant or appellant, according as the case may be, shall present his petition of plaint or appeal, or, if the suit or appeal shall have been previously instituted but shall have abated for want of prosecution, shall make an application for the re-admission of the same within three months from the passing of this Act or from the time when the cause above stated shall cease to exist.

**III.** If the application be for the admission of a special appeal, the appellant may present his application either in the Sudder Court, or in the Court from whose decision the appeal is made for transmission to the Sudder Court.

**IV.** The petition of plaint or appeal in any original suit or regular or special appeal falling within the provisions of this Act, which may be instituted, for the first time, under Section I or Section II, shall be written on stamp paper of the value prescribed for regular suits and appeals; but an application for the re-admission of an original suit or appeal, which shall have been previously instituted but shall have abated for want of prosecution, may be written on plain paper.

**V.** No original suit or appeal, which may have been instituted or re-admitted in any Civil Court in the North-Western Provinces subsequently to the said 10th May 1857, shall be liable to be dismissed, nor shall any decision passed in any such suit or appeal be reversed on the ground that, at the date of its institution, if the suit or appeal shall have been admitted on the file for the first time, the period allowed by law for its admission had expired, or, if

TO

THE CHIEF OF THE STAFF,

*Camp, Mota, 30th April 1858.*

SIR,

I HAVE the honor to report to you, for the information of His Excellency the Commander-in-Chief, the operations of my Force against the fortress and fortified city of Jhansie.

On the 20th Ultimo, the 2nd Brigade under my Command arrived at Siurn, one day's march from Jhansie. My 1st Brigade had not yet joined me from Chanderio.

The same day I sent Brigadier Stewart, with the Horse Artillery, 9 Guns, 325 Rank and File, 14th Light Dragoons, 140 Rank and File, 3rd Light Cavalry, 478 Sabres, Hyderabad Cav. Cavalry and Artillery noted in the margin, to invest Jhansie.

The 20th Ultimo was the day which, when at Saugor, I had named for my arrival before Jhansie. I should have reached it some days

sooner, only for the delay occasioned by my waiting to see whether the 2nd Brigade would be required to assist in taking Chanderie. I arrived the following day, the 21st Ultimo, with the remainder of my Brigade before Jhansie.

The pickets of the Cavalry sent on the day before, had raised about 100 armed Mgu, Bundeees, endeavouring to enter Jhansie, having been summoned by the Rancee to defend it.

Having no plan, or even correct description of the fortress and city, I had, together with the Officers Commanding the Artillery and Engineers, to make long and repeated reconnaissances, in order to ascertain the Enemy's defences; this delayed, for some days, the commencement of the siege operations.

The great strength of the Fort, natural as well as artificial, and its extent, entitles it to a place amongst fortresses. It stands on an elevated rock, rising out of a plain, and commands the city, and surrounding country; it is built of excellent and most massive masonry. The Fort is difficult to breach, because composed of granite, its walls vary in thickness from sixteen to twenty feet.

The Fort has extensive and elaborate outworks of the same solid construction, with front and flanking embrasures for Artillery fire, and loop-holes, of which, in some places, there were five tiers for musketry. Guns placed on the high towers of the Fort commanded the country all around.

One tower called the "white turret" had been raised lately in height by the Rebels, and armed with heavy ordnance.

The fortress is surrounded by the city of Jhansie on all sides, except the West, and part of the South face.

The steepness of the rock protects the West, the fortified city wall with bastions springing from the centre of its South face, running South, and ending in a high mound or mazelon, protects by a flanking fire its South face. The mound was fortified by a strong circular bastion for 5 Guns, round part of which was drawn a ditch 12 feet deep and 15 feet broad of solid masonry. Quantities of men were always at work in the mound.

The city of Jhansie is about  $4\frac{1}{2}$  miles in circumference, and is surrounded by a fortified and massive wall, from 6 to 12 feet thick, and varying in height from 18 to 30 feet, with numerous flanking bastions armed as batteries with ordnance, and loop-holes, with a banquettes for Infantry.

Outside the walls, the City is girt with wood, except some parts of the East and South fronts; on the former is a picturesque lake and water palace; to the South are the ruined monuments and residences of the English. Temples with their gardens,—one the Jokun Bagh, the scene of the massacre of our lamented countrymen; and two rocky ridges, the Eastmost called "Kapoor Tekri," both important positions, facing and threatening the South face of the City wall and Fort.

I established seven flying Camps of Cavalry, as an investing Force round Jhansie, giving to Major Scudamore half a Troop of Horse Artillery, and later to Major Gull, two 9-Pounders. These Camps detached to the front outposts and videttes, which watched and presented all comers from the City, day and night; each Camp, on any attempt being made to force its line, was to call on the others for help. I gave directions also, that the road from the City should be obstructed by trenches and abattis.

The attack of Jhansie offered serious difficulties. There were no means of breaching the Fort, except from the South, but the South was flanked by the fortified City wall and mound just described.

The rocky ridge was excellent for a breaching battery, except that it was too far off, 140 yards, and that the fire from it would have been oblique.

The mound enfiladed two walls of the City, and commanded the whole of the South quarter of it, including the Palace.

It was evident that the capture of the mound was the first most important operation, because its occupation ensured, in all probability, that of the South of the City, and of the Palace, affording also the means of constructing, by approaches, an advanced breaching battery.

The desideratum, therefore, was to concentrate a heavy fire on the mound, and on the South of the City, in order to drive the Enemy out of them, and facilitate their capture; to breach the wall close to the mound, and to dismantle the Enemy's defences which protected the mound and opposed an attack. This was effected. Firstly, by occupying and placing batteries on a rocky knoll the right attack, which I had found in my reconnaissance to the South of the Lake opposite the Aorcha gate, and south-east wall of the town, which took in reverse the mound, and two walls running from it. Secondly, on the rocky ridge the left attack.

These batteries could not be completed till the arrival of the 1st Brigade with the siege Guns on the 26th Ultimo.

In the meantime, the right attack opened fire, from an 8-inch Howitzer, and two 8-inch Mortars, on the rear of the mound and the South of the City, with the exception of the Palace, which I wished to preserve for the use of the Troops.

A remarkable feature in the defence was, that the Enemy had no works or postworks in the City. Sir Robert Hamilton estimated the number of the Garrison at 10,000 Bundeees and Velaites, and 1,500 Sepoys, of whom 400 were Cavalry, and the number of Guns in the City and Fort, at 80 or 90.

The fire of the right attack on the first day of the opening of the fire, the 28th Ultimo, cleared the mound of the workmen and the Enemy. The mortars in consequence of information I had received, shelled and set on fire long rows of hay-ricks in the South of the City, which created an almost general conflagration in that quarter.

The Enemy had been firing actively from the white turret, the tree tower battery in the Fort, and the wheel tower, Saugor and Lutchmen, ate batteries in the town about mid day. Their fire ceased almost completely, but re-commenced the next day with increased vigour.

The Chief of the Rebel Artillery was a first-rate Artillery-man; he had under him two Companies of Golundaze. The manner in which the Rebels served their Guns, repaired their defences, and re-opened fire from batteries and Guns repeatedly shot up, was remarkable. From some batteries they returned shot for shot. The women were seen working in the batteries and carrying ammunition. The garden battery was fought under the black flag of the Fakirs.

Everything indicated a general and determined resistance; this was not surprising, as the inhabitants, from the Rancee downwards, were, more or less, concerned in the murder and plunder of the English. There was hardly a house in Jhansie which did not contain some article of English plunder, and politically speaking, the Rebel confederacy know well, that if Jhansie, the richest Hindoo city, and most important fortress in Central India, fell, the cause of the insurgents in this part of India fell also.

To silence the City wall batteries to the South, and cannonade more effectually the town, two 24-Pounder Guns were placed in battery between the 8-inch Howitzer, and the two 8-inch Mortars, and opened

fire on the 23<sup>rd</sup> Ultimo. They produced a good effect, but not to the extent of silencing the town batteries. Unfortunately on this day the 8-inch Howitzer was disabled by the breaking of its trunnion.

On the 24<sup>th</sup> Ultimo, I caused the rocky ridge, the left attack, to be occupied by a strong picquet under Captain Hare, with two 5½-inch Mortars, which played on the intrenchment and the houses adjacent to it.

On the 25<sup>th</sup> Ultimo, the Siege Train of the 1<sup>st</sup> Brigade having arrived, batteries were constructed and opened fire, from the 26<sup>th</sup> to the 30<sup>th</sup> Ultimo, on the rocky ridge, as follows, forming the left attack.

Two 18-Prs. to dismantle the defences of the Fort.

Two 10-inch Mortars to destroy the Fort.

Two 8-inch Mortars and one 8-inch Howitzer to act on the mound and adjacent wall and city.

One 18-Pounder to breach the wall near the bastion of the mound, which was thus exposed to a vertical and horizontal fire on its right face and left rear. The 18-Pounders were changed from travelling to garrison carriages.

In order to prevent delay and confusion, I gave names to all the Enemy's batteries in the town, as well as in the Fort; they were 18 in number.

The fire of the two 18-Pounders was so efficient, that towards sunset the parapets of the white turret, the black tower, and the tree tower which faced our attack, were nearly destroyed.

The two 10-inch Mortars created great havoc in the Fort, and having pointed out to Lieutenant Petman, Bombay Horse Artillery, the position of a powder magazine respecting which I had information, he blew it up in the third shot, keeping up a well directed fire on the Fort, for which good service I beg to recommend him to His Excellency.

The breaching Gun, so solid was the wall, and so hard the masonry, did not produce the result contemplated on the first or even on the second day, but on the 30<sup>th</sup> the breach was practicable. The Enemy retrenched the breach with a double row of palisades filled with earth, on which I ordered every description of fire including red-hot shot, to be directed upon it, and the result was a considerable portion of the stockade was destroyed by fire.

Killemens to fire at the parapets and the embrasures, and loop-holes were placed in all the batteries, with sand-bag loop-holes, and posts of Killemens were distributed in the temples and garden of the East and South sides of the city. I occupied also the Jokun Bagh, nearly opposite the mound with a picquet of Rifles. The Riflemen caused numerous casualties amongst the Rebels in the town as well as in the para, etc.

Two of the Enemy's defences, which annoyed the left attack the most, were the wheel tower on the South, and the garden battery on a rock in rear of the West wall of the city. To silence the former, a new battery called the Kahou Telree or East battery was established on a ridge to the East of the rocky ridge, with two 5½-inch Mortars, which not proving sufficient, I substituted for them two 8-inch Mortars, and a 9-Pounder. I afterwards added a 24-Pounder Howitzer to enfilade the wall running Eastwards from the mound.

Before the sand-bag battery could be made for the 9-Pounder, acting Bombardier Brennan, of Captain Onmaney's Company, Royal Artillery, quite a lad, commanded and pointed the 9-Pounder in the open and silenced the Enemy's Gun in battery in the bastion, destroying besides its defences. I praised him for his good service on the ground, and promoted him.

The two 8-inch Mortars, and occasionally the two 10-inch Mortars of the left attack, answered the garden battery, shelling also the Nis Bastie, and five wells where the Sepoys had taken up their quarters on account of the good water.

After the capture of the Jhansie we had proof of havoc caused by the shelling and cannonade in the Fort and city. Beside the damage done to the houses and buildings, the Rebels acknowledge to have lost from sixty to seventy men a day killed.

Our batteries had by the 30<sup>th</sup> dismantled the defences of the Fort and city, or disabled their Guns. It is true that the Rebels had made on the white turret an excellent parapet of large sand-bags, which they kept always wet, and still ran up fresh in lieu of disabled Guns; but their best Guns had been disabled, and their best Artillery-men killed; their fire was therefore no longer serious. However, the obstinate defence of the Enemy, the breach, and the extent fired on, had caused a great consumption of ammunition, so much so, that it was evident there would not be sufficient to multiply breaches in the town wall, or to establish a main breach in the South double wall of the Fort.

Under these circumstances, the Officer Commanding the Artillery and Engineers, called to my notice the necessity of having recourse to escalade, to which I gave my consent, requiring however, that the breach should form an important and principal point of attack. Both of these Officers entertained a mistrust of the breach, thinking that it was mined, or not practicable.

Knowing the risk which generally attends escalades, I had recourse to every means in my power for facilitating an entry by the breach. In order to widen it, and destroy still more effectually the retrenchment and stockade which the Enemy had constructed in rear of the breach, I kept up a fire day and night on it from the 18-Pounder, and the 8-inch Howitzer, and with the view to prevent the Enemy working, and to render the mound too hot for them, I shelled it and the adjoining houses day and night from the Mortar batteries in the centre and left attacks. Lieutenant Scratt, Bombay Artillery, made excellent practice, throwing the shells on the spots occupied by the guards of the city walls.

I had made arrangements on the 30<sup>th</sup> for storming, but the general action on the 1<sup>st</sup> Instant, with the so called Army of the Peshwa; which advanced across the Betwa to relieve it, caused the assault to be deferred.

With the view to acquire rapid information respecting the Enemy's movements, I established a telegraph on a hill Commanding Jhansie, and the surrounding country. It was of great use, telegraphing the state's flight, the approach of the Hindwy from the Betwa, &c.

On the 2<sup>nd</sup> Instant, Major Boileau reported to me that he had made all the necessary preparations for the escalade, and that a 24-Pounder Howitzer had been placed in battery in front of the Jokun Bagh for the purpose of enfilading, and clearing during the night the wall from the mound to the Fort, and the rocket bastion which is on it.

I issued a division order for the assault of the defences of the city wall, of which a copy, with a plan of attack, was furnished to the Officers in Command.

I have the honor to enclose copies of reports from Brigadier Stuart, Commanding my 1<sup>st</sup> Brigade and Brigadier Stuart, Commanding my 2<sup>nd</sup> Brigade of the operations of their respective Columns against Jhansie.

The left attack ably and gallantly conducted by Brigadier Stuart, succeeded perfectly, its right column passing without loss, or difficulty through the breach, which turned out as well as I thought it would. And the left collecting with some casualties, the escalade of the rocket bastion. Colonel Louth, Commanding Her Majesty's 86<sup>th</sup> Regiment, acted with cool judgment, and I witnessed with lively pleasure the devotion and gallantry of his Regiment.

The 3rd Europeans under Lieutenant-Colonel Liddell did their duty, as they always have done; but they could not control adverse circumstances, arising from bad ladders, and a mistake in the road, they returned to the assault with alacrity, and fought their way through the town manfully.

I beg leave to support earnestly the recommendations of Officers contained in these Reports of the Brigadiers, particularly of Captain Darby, wounded Lieutenant Dartnell severely wounded in three places, who led the assault of the rocket bastion, and Lieutenant Fox, severely wounded. It will be a gratification also to the relatives of Lieutenants Mickeljohn and Dick, of the Bombay Engineers, to know that these two young Officers had gained my esteem by the intelligence and coolness which they evinced as Engineer Officers during the siege. I should have recommended both for promotion, if they had not died in their country's cause, for conspicuous gallantry in leading the way up two scaling ladders.

The 86th on the road to the Palace from the mound sustained many casualties from their left flank being exposed as they passed through an open space to a flank of musketry fire from an outwork of the Fort, and from houses, and the Palace itself to their front. I directed loopholes for Riflemen to be made through houses which bore a fire to bear on the outwork of the Fort, a large house then occupied close to the Palace, and covered communication to be made to the mound.

The skirmishers of the Regiment penetrated gallantly into the Palace. The few men who still held it, made an obstinate resistance, setting fire to trains of Gun-powder, from which several of the 86th received fatal injuries.

Having received no reports from the right attack, composed of the 3rd Europeans and Hyderabad Contingent, I made my way to them in the South-east quarter of the city. I found them engaged with the Enemy, and making their way to the Palace; the Rebels were firing at them from the houses, which the Troops were breaking open, and clearing of their defenders.

I found Lieutenant-Colonel Turnbull Commanding the Artillery here, wounded mortally, I deeply regret to say, by a musket shot from a house.

He had followed me through the breach into the streets, and having received directions from me to bring Guns into the city to batter houses in which Rebels held out, he had gone round by the right to the east quarter of the City to fix the road by which they were to enter. The Aunabat was the best for Guns, but it was so barricaded by masses of stones, that it could not be opened for several hours.

In the despatches I have recorded the excellent service performed by Lieutenant-Colonel Turnbull, particularly in the general action of the Betwa, always exposing himself to the fire of the Enemy in order to choose the best positions for his Guns. This devoted Officer was as useful to me as Commandant of Artillery as Captain of a Troop of Horse Artillery.

His premature fall prevented his receiving the reward which was his due. I can now only earnestly recommend, that his numerous family may inherit their father's claims on his country.

The right and left attacks being now concentrated in the Palace, I gained possession of a large portion of the City by advancing the 3rd Europeans to the North-East, and occupying the Burrabong-gate, on which I rested their right flank, forming an oblique line from the gate to the Palace with the 3rd Europeans and the 86th in the Palace. The two Regiments occupying with picquets commanding houses to their front. This line was a prolongation of the second line leading from the mound under the front to the

Palace. This done, it was necessary to clear the large portion of the City in rear of the oblique line of the numerous armed Rebels who remained in the houses, and who were firing on the Troops. This was not effected without bloody, often hand-to-hand combats, one of the most remarkable of them was between detachments of Her Majesty's 85th Regiment and 3rd Europeans, and thirty or forty Vellat Sowars, the Body-guard of the Ranees in the Palace, Stables under the fire of the Fort. The Sowars full of Opium, defended their Stables, firing with matchlocks and pistols from the windows and loopholes, and cutting with their tulwars, and from behind the doors. When driven in they retreated behind their houses, still firing or fighting with their swords in both hands till they were shot or bayoneted.

straggling even when dying on the ground to strike again. A party of them remained in a room off the stables which was on fire till they were half burnt; their clothes in flames they rushed out backing at their assailants, and guarding their heads with their shields.

Captain Rose, my Aide-de-Camp, saved the life of a man of the 86th, who was down, by bayoneting his assailant.

All the Sowars were killed, but not without several casualties on our side. The gallant Soldiers captured in the quarters of the Sowars, the Ranees' standards, three standards of the body-guard, three kettle drums and horses, and an English Union Jack of silk, which Sir Robert Hamilton tells me Lord William Bentinck had given the grandfather of the husband of the Ranees with the permission to have it carried before him as a reward for his fidelity, a privilege granted to no other Indian Prince. I granted the Soldiers their request to hoist on the Palace the flag of their country which they had so bravely won. Captain Sandwith, who was wounded, commanded with spirit the Europeans on this occasion, and Sergeant Brown, of the Commissariat Department, was the first to dash boldly into the stables.

Numerous incidents marked the desperate feeling which animated the defenders. A retainer of the Ranees tried to blow up himself and his wife; failing in the attempt, he endeavoured to cut her to pieces and then killed himself. Two Vellats attacked by the videttes, threw a woman who was with them into a well, and then jumped down it themselves.

Whilst engaged in the town, I received a report from the Officer Commanding one of the Hyderabad Cavalry Flying Camps, that a large body of the Enemy flying from the town, had tried to force his pickets; that a few had succeeded, but that the main body from 350 to 500 strong, had been driven back, and had occupied a high and rocky hill to the west of the Fort; that he had surrounded the hill with Cavalry till reinforcements were sent. I immediately ordered out from the Camps of the two Brigades, the available Troops of all arms against the Hill. The enclosed Report from Major Gall, shows how satisfactorily these Rebels were disposed of. Lieutenant Park was killed whilst gallantly leading on a party of the 24th Bombay Native Infantry, along the ridge of the hill. The Ranees' father, Mamoo Sahib, was amongst the Rebels; he was wounded on the hill, and captured some days afterwards and hanged at the Jokun Bugh.

After having cleared the quarter of the town in our possession of the Enemy, I had intended attacking the remainder of it, but deferred doing so till the next day on Brigadier Stuart's representation, that the men were too much exhausted for any further operations that day.

Towards sunset it was telegraphed from the observatory, that the Enemy were approaching from the East. I had therefore to re-occupy with all the force I could collect, the field of action of the Betwa, the devoted Troops marching to a fresh combat after thirteen hours' fighting in a burning sun without much spirit if they had not been engaged at all.

The alarm proved to be a false one, Troops from Tehree having been mistaken for the Enemy.

The next day Brigadier Stuart and myself occupied the rest of the City by a combined movement, assisted by Major Hall, who spiritedly scaled the bastion at the Onow-gate from his Flying Camp, and capturing the Gun that was there, threw it down the rampart.

The following morning, a wounded Mahratta retainer of the Ranees, was sent in to me from Captain Abbott's Flying Camp. He stated that the Ranees, accompanied by 300 Vilaities and 25 Sowars, fled that night from the Fort; that after leaving it, they had been headed back by one of the picquets where the Ranees and her party separated, she herself taking to the right with a few Sowars in the direction of her intended flight to Bandiri. The observatory also telegraphed "Enemy escaping to the North-east." I immediately sent off strong detachments of Her Majesty's 14th Light Dragoons, 3rd Light Cavalry and Hyderabad Cavalry to pursue, with Guns to support them, as it was said that Tantia Topce had sent a Force to meet her. I also sent Brigadier Stuart, with Cavalry, to watch the fords of the Betwa.

In the meantime detachments of the 86th and 3rd Europeans took possession of the fortress.

In sight of Bandiri, 21 miles from Jhansie, the Cavalry came in sight of the Irregular Horse, sent to meet the Ranees, which separated probably with the view to mislead her pursuers as to her real course. Lieutenant Dowker, Hyderabad Cavalry, was sent by Captain Forbes, through the town of Bandiri, whilst he with the 3rd Light Cavalry and 14th Light Dragoons, passed it by the left. In the town, Lieutenant Dowker saw traces of the Ranees' hasty flight, and her tent in which was an unfinished breakfast; on the other side of the town he came up with and cut up forty of the Enemy consisting of Kobilas and Bengal Irregular Cavalry. Lieutenant Dowker was gaining fast on the Ranees, who with four attendants, was seen escaping on a grey horse, when he was dismounted by a severe wound, and obliged to give up the pursuit.

From the time the troops took the Palace, the Rebels lost heart and began to leave the town and fort. Nothing could prove more the efficiency of the investment than the number of them cut up by the picquets of the Flying Camps; the woods, gardens and roads round the town were strewn with the corpses of fugitive Rebels. The Ranees' flight was the signal for a general retreat. Early in the morning, I caused the outskirts of the City to be scoured with Cavalry and Infantry; it will give some idea of the destruction of insurgents which ensued when a party of the 14th Dragoons alone killed two hundred in one patrol. The Rebels who were chiefly Vilaities and Pathans, generally sold their lives as dearly as they could, fighting to the last with their usual dexterity and firmness. A band of 40 of these desperadoes barricaded themselves in a spacious house with a court yard, vaults, &c; before they were aware of its strength, it was attacked by a detachment of Hyderabad Infantry under Captain Huro, with the loss of Captain Sinclair, of whose conduct it is my duty again to make honorable mention. Reinforcements and several pieces of siege Artillery

were brought up by Major Orr, who commanded the attack against the house, but even when it had been breached and knocked to pieces, the Rebels continued to resist in the ruined passages and vaults. They were all at last destroyed, but not without several casualties on our part. Major Orr expresses his obligations to Captains Woodcombe and Douglas, of the Bombay and Bengal Artillery, Lieutenant Lawrie, and Ensign Fowler, of Her Majesty's 86th Regiment, the first very severely wounded, who led the men, and also Lieutenant Simpson, 28th Regiment Bengal Native Infantry, wounded.

Captain Abbott, Hyderabad Cavalry, speaks highly of the gallantry with which Lieutenant Dun and detachments of the 1st and 4th Hyderabad Cavalry stormed, dismounted a house and garden held obstinately by the fugitives, and he recommends, as I beg to do also, the Officers whose names follow for promotion and for the Order of Merit for gallantry in the field.

##### 4th Cavalry Hyderabad Contingent.

Jemadar Hunooman Sing, Wounded.

It was not till Jhansie was taken, that its great strength was known.

There was only one part of the fortress, the South curtain, which was considered practicable for breaching. But when inside, we saw this was a mistake, there being at some distance in rear of the curtain a massive wall 15 or 20 feet thick, and immediately in rear of this a deep tank cut out of the live rock.

I beg leave to bring to the favorable notice of the Commander-in-Chief, the conduct of the Troops under my Command in the siege investment and capture of Jhansie.

They had to contend against an Enemy more than double their numbers, behind formidable fortifications who defended themselves afterwards from house to house, in a spacious city, often under the fire of the Fort afterwards in suburbs, and in very difficult

ground, outside the walls. The investing Cavalry forces were day and night for 17 days on arduous duty, the men not taking their clothes off, the horses saddled and bridled up at night. The nature of the defence and the strictness of the investment, gave rise to continued and fierce combats; for the Rebels having no hope, sought to sell their lives as dearly as they could. But the discipline and gallant spirit of the Troops enabled them to overcome difficulties and opposition of every sort, to take the fortified city of Jhansi by storm, subduing the strongest fortress in Central India, and killing 5,000 of its Rebel garrison.

According to the first reports which I received, only 3,000 Rebels were killed, but those received since the withdrawal of the seven Flying Camps, make the loss of the Enemy amount to above 5,000 killed. Native accounts received by Brigadier Wheeler at Sangor, make the loss of Rebels to amount to more than 5,000.

I beg to recommend to his Excellency for gallant and good service in investing the fortress and city of Jhansi, Major Scudamore, Her Majesty's 14th Light Dragoons, the Senior Officer in Command of the Flying Camps; Major Gall, Her Majesty's 14th Light Dragoons; Major Forbes, C. B., Commanding 3rd Bombay Light Cavalry; Captain Abbott, and Lieutenant Dowe, Hyderabad Cavalry.

The Commander-in-Chief will learn with pleasure, that the Troops under my Command, treated with great humanity the women and children of Jhansi; neither the desperate resistance of the Rebels nor the recollections of Jhansi of last year, could make them forget that in an English Soldier's eyes, women and children are spared; so far from hunting, the Troops were seen sharing their rations with them I gave orders also that the destitute women and children of Jhansi should be fed out of the prize grain.

I have the honor to enclose a List of the Guns and Ordnance Stores, captured in the city and Fort of Jhansi, and of the Casualties of the force during the siege. I regret much that our loss should have been so considerable, but it was caused in a great measure by the strict investment, which proved so fatal to the Enemy, and loss of my force is out of all proportion smaller than that of the Enemy.

They lost 50 to my one killed, not counting the wounded on our side.

I beg leave to state the obligations I am under to the following Officers for the services which they have rendered to me, during the Siege Operations and capture of Jhansi.

Brigadier Stuart, Commanding 1st Brigade; Brigadier Stuart, C. B., Commanding 2nd Brigade; Lieutenant-Colonel Louth, Commanding Her Majesty's 86th Regiment; Lieutenant-Colonel Liddell, Commanding 3rd Bombay European Regiment; Major Scudamore, Commanding Her Majesty's 14th Light Dragoons; Major Orr, Commanding Hyderabad Field Force; Major Forbes, C. B., Commanding 3rd Bombay Light Cavalry; Major Robertson, Commanding 25th Regiment Bombay Native Infantry; Captain Lightfoot, Commanding Battery Bombay Artillery; Captain Woolcombe, Commanding Battery Bombay Artillery; Captain Fenwick, Commanding Company Royal Engineers; Captain Hare, Commanding 5th Regiment, Hyderabad Infantry; Captain Brown, Commanding Company Madras Sappers and Miners; Lieutenant Goodfellow, Commanding Company Bombay Sappers and Miners; Lieutenant Lowry, Commanding Battery Royal Artillery.

TO

THE ASSISTANT ADJUTANT, GENERAL,

Central India Field Force.

Camp, Jhansi, 13th April 1858.

SIR,

In compliance with Field Force Orders, No. 7, of yesterday's date, I have the honor to transmit with a Return of Casualties in the 1st Brigade, Central India Field Force, during the siege and storm of Jhansi, and with reference to the latter, beg to place on record the part taken in it by the Brigade under my Command.

2. As directed in Field Force Orders, dated 2nd April, the assaulting Column of the 1st Brigade was formed up at day-break of the 3rd April, ready to move on the two points of attack which had been indicated, viz., the breach at the mound, and the rocket tower, and the low curtain immediately to the right of it. Lieutenant-Colonel Lowth, Her Majesty's 86th Regiment, commanded the former, Major Stuart, Her Majesty's 86th Regiment, the latter, attack. On the signal being given, both parties moved steadily to the point under a smart fire from the Enemy. Captain Darby, Her Majesty's 86th Regiment, led the stormers up the breach in the most gallant manner, and the Enemy were driven before them at all points, while at the same time Major Stuart's attack by escalade at the rocket tower succeeded admirably, though hotly opposed. On gaining the town, Lieutenant-Colonel Lowth, with great judgment, moved part of his Men to his right, and thus took the Enemy in flank and rear, when they were meeting the right attack of the 2nd Brigade with great vigour. All the Troops then of the 1st Brigade concentrated in the Ranae's Palace, which was taken possession of by Lieutenant-Colonel Lowth and his Men in the most gallant manner. As the Major-General himself was witness of greater part of the operations at this, and at a subsequent period, I do not enter into further details.

I beg in conclusion to bring to the notice of the Major-General, the excellent and gallant behaviour of both Officers and Men, of the 1st Brigade on this occasion: the energy and judgment displayed by Lieutenant-Colonel Lowth, Her Majesty's 86th Regiment, proved of the greatest service, and much contributed to the success of our attack. Major Stuart, Her Majesty's 86th Regiment, carried out the duties confided to him in the most satisfactory manner, and led the escalading party with the greatest gallantry; he was assisted by Lieutenant Dartnell, and Ensigns Sewell and Fowler, of Her Majesty's 86th Regiment, who were all wounded, the first two Officers severely; also by Lieutenant Webber, Royal Engineers, commanding the ladder party of the Royal Sappers, who most ably performed their duty. On this occasion Lieutenant Dartnell greatly distinguished himself, as also Serjeant Alleyne Wolfe, and Private Roger Mathews, both of Her Majesty's 86th Regiment: the conduct of Lieutenant Jerome, and Private Burns, Her Majesty's 86th Regiment, has also been brought to my notice: under a murderous fire they carried off Ensign Sewell who had fallen severely wounded, and who would otherwise have been cut up. I lament to say that Surgeon Stock, Her Majesty's 86th Regiment, was killed near the Palace whilst most nobly and courageously attending the wounded under a hot fire. I beg also to record an act of daring on the part of Havildar Shauk Dawood, Light Company 25th Regiment Native Infantry, brought to my notice by Captain Little, Commanding that Regiment. After an entrance had been effected into the city, a number of Rebels were found to have taken refuge in the recesses of a large well, the only approach to which was by narrow and steep stairs having a sharp turning, at which one resolute man could have kept off any number: whilst measures were being arranged for seizing these Rebels, Havildar Shauk Dawood volunteered to capture them, so fixing his bayonet he boldly descended the well, and being followed by others, brought up thirteen of the Enemy.

I have, &c.,

FROM

BRIGADIER C. STUART, C. B.,

Comdg. 2nd Brigade, Central I. F. F.

TO

THE ASSISTANT ADJUTANT-GENERAL,

Central India Field Force.

Camp, Jhansie, 29th April 1858.

SIR,

In obedience to orders received through you, the Brigade under my Command moved in two Columns on the morning of the 3rd of April to the assault of the town of Jhansie.

The left Column led by Captain Robison, 3rd Bombay European Regiment, the right by Lieutenant-Colonel Liddell, advanced with great steadiness through a very heavy fire of musketry and wall pieces towards the ladders, on reaching which they were assailed with rockets, earthen pots filled with powder, and in fact every sort of missile.

On arriving at the temple where the reserve of which I was in Command was to take up its position Major Boileau, Madras Engineers, came to me and reported that the ladders were without protection, and requested me to give him some Europeans to protect them. I therefore gave him the hundred men of the 3rd Bombay European Regiment that were with the reserve; Lieutenants Meiklejohn and Dick, of the Bombay Engineers, led the way up the ladders of the right Column, both of whom were wounded, the latter severely. The ladders were found in some instances too short, in others too weak breaking under the Men, who were withdrawn from the heavy fire to which they were thus unnecessarily exposed, and the movement was made with great precision and coolness.

Shortly after this, Captain Robison, 3rd Bombay European Regiment, was informed by Captain Darby, Executive Engineer, that some of the 86th Regiment had entered by the breach to his left, and he doubled some of his party round to that point, at which he effected an entry and cleared the ramparts so as to enable the remainder to mount the ladders unopposed. Lieutenant-Colonel Liddell, on finding his ladders of no use, ordered Lieutenant Goodfellow, of the Bombay Engineers, to try a bag of powder at a postern, but from being built up inside, no entry could be effected; however by this time Captain Robison had made good his lodgement, and was followed by the right Column, when all proceeded towards the Palace, which, as the Major-General is aware, was taken after a desperate resistance.

Both Columns behaved with great coolness and gallantry, and I trust I may be pardoned for bringing their leaders to the notice of the Major-General; as also Captain Sandwith, and Lieutenant Park, 3rd Bombay European Regiment; Lieutenant Goodfellow, Bombay Engineers, and also Privates Few and Whirlpool, 3rd Bombay European Regiment, of whom Lieutenant-Colonel Liddell speaks in the highest terms. Captain Robison's conduct in doubling round with some of his men to the breach, speaks for itself; but he has brought to my notice Corporal Hard, Privates Roger and Archibald, all of the Grenadier Company, and Private Drummond, No. 1, and Private Doran, No. 3 Company, of the 3rd Bombay European Regiment, all of whom fought most gallantly at the head of the ladders till they gave a war. Ensign Newport and Private Gillman of No. 1 Company, 3rd Bombay European Regiment, assisted by Corporal Hard, of the Grenadiers, carried off the body of Lieutenant Fox, of the Madras Sappers and Miners, through the hottest of the fire, after Captain Robison had ordered the Troops to retire; Lieutenant Bonus, Bombay Engineers, has also been specially brought to my notice for the gal-

ant manner in which he led up and maintained his position on the ladders, until disabled and knocked over by the blow of a stone.

Captain Todd, Brigade Major, and Captain Leckie, Deputy Assistant Quarter-Master General of the 2nd Brigade, on this, as on every previous opportunity, have afforded me every assistance, and it is only to the circumstance of all former operations in which they have been engaged, being conducted so entirely under the Major-General, as to render any special report from

me unnecessary, that I have failed in earlier bringing my sense of their worth to his notice; a circumstance which I feel sure will not act to their detriment.

I have, &c.

I HAVE the honor to report, that on the evening of the 10th Instant, the Column under my command arrived at Dooddea Keirn, which is a small Fort in the midst of jungle, belonging to Rabi Rani Buksh. On my arrival at this Fort, and it deserted. Three Guns were found concealed in wells, and a brass 32-Pounder Howitzer. I the Fort destroyed as much as possible, and the principal buildings in the Town belonging to Rabi Rani burnt. On the 12th, the Column marched to Nugger, and hearing there that Beni Madho Shewrutton Sing had assembled an Army of 1000 Infantry, 1,600 Cavalry, and 11 Guns at Sirsoe,

a village with a Fort in it five miles off, I determined that afternoon to proceed to attack them, leaving all the baggage, supplies, &c., with tents struck, in a safe position, with a force of Cavalry, Infantry, and Artillery for its protection.

It is very difficult in this country to get good information, though there are several excellent Civil Officers with the Column for that purpose; the consequence was, on arriving at the ground, I found it much stronger than I had reason to expect. The Enemy were placed along a dillicent nullah with a very strong and large jungle in their rear. The Village and Fort of Towrie also lay in this jungle. The Enemy's first Gun began to open about 6 o'clock, but, as soon as our Column was formed with the Cavalry and Horse Artillery covering our right flank, they were attacked with such boldness and vigour that they gave way and were driven into the jungle, leaving two Iron Guns behind them, a 9-Pounder and 8-Pounder.

Our Column was almost surrounded at one time, but the Cavalry and Artillery, the former Commanded by Lieutenant-Colonel Haggart, a very superior Officer, and the latter by Captain Gibbon, succeeded in clearing our right flank. Brigadier Horsford, with the Rifles and Sikhs, supported by the 90th Regiment, in the most admirable manner drove them away from our left flank; the 38th Regiment supported the heavy Guns. The Enemy suffered a considerable loss, and it is reported and I believe with truth, that Shewrutton Singh and his brother are both killed.

I did not think it advisable to allow the Troops to enter the jungle, and I directed them to bivouac for the night on the ground where the fight had taken place, and returned on the morning of the 13th to the Camp at Nugger.

SIR,

By desire of the Commander-in-Chief, I have the honor to forward, for the information of the

Right Hon'ble the Governor General, two Despatches,\* dated the 24th and 25th Instant, from Brigadier-General J. Jones, C. B., announcing his advance on, and capture of the Mohundee.

2. The Brigadier-General's operations were, His Excellency considers, pressed with their usual vigour, but the retreat of the Enemy was so rapid that he was not able to inflict heavy loss on the fugitives.

3. The Commander-in-Chief had himself arrived at Shahjehanpore with a weak escort on the 18th Instant. On the afternoon of that day, the Enemy showed in considerable force, and there was a prolonged skirmish. The arrangements of the Force did not permit of an advance, and His Excellency restricted the efforts of the Troops. The Enemy suffered from the effects of our cannonade. A return of Casualties on this occasion is annexed.

4. The Commander-in-Chief thought it advisable to remain at Shahjehanpore till a sufficient Force had been assembled at that place to admit of the Brigadier-General's forward movement being made with perfect safety. His Excellency's presence being much needed on the line of the telegraph communication owing to the numerous references from the Commanders of the various Columns still in the Field, he returned to Futtehgurh on the 25th Instant, very exact instructions having been given to Brigadier-General Jones for his guidance.

5. Head-Quarters are still at Futtehgurh.

I have the honor to be,

SIR,

Your most obedt. Servant,

TO

THE CHIEF OF THE STAFF,

*Camp, 11 miles from Mohumdee,*

*The 24th May 1858.*

SIR,

I ATTACKED the Enemy at day-light this morning. The Fort was taken quickly, and without loss; but the Enemy retired with such speed that I could not come up with him. The carriage of one of his heaviest Guns was broken to pieces by a 24-Pounder shot; but the Gun has not been found. One only was taken in the Fort, a Gun that had burst.

The Enemy were very strong on their own right, and large bodies of their Cavalry out-flanking us, checked the advance of Brigadier Hagart with a large portion of the Cavalry, and Tomb's Troops Horse Artillery on our left. The Rebel Cavalry charged the Mooltanee Cavalry. 80 of them riding through the Regiment; five or six of Cureton's Men were wounded, but all the Rebels that broke through his Regiment were killed. A Waggon of Major Hammond's Battery exploded while moving with the Carabineers at the gallop, and 2 Europeans and 1 Native were killed. I advanced about 9 miles with great rapidity; but I could not come up with the Enemy. The Cavalry and Light Guns were pushed on a few miles further in pursuit. The Guns they (the Enemy) principally used, were drawn by horses, and with these he covered the retreat of those drawn by bullocks, withdrawing the latter at the first round from our Artillery.

The country greatly favored the retreat of the Enemy, being every where open and unbroken, so that they could scatter; and sufficiently wooded to conceal their principal line of retreat.

The Force will reach Mohumdee early to-morrow; it is about eleven miles from my Camp.

A few fatal cases of sun-stroke occurred.

I have, &c.,

*Camp, Mohumdee, 25th May 1858, 4 P. M.*

SIR,

I arrived at Mohumdee this morning. I found some of the Enemy's Cavalry in position in front of the Town; but on driving them away, the Town was discovered to be abandoned. One damaged Gun was taken in the Fort. The Rebels retreated over the river Goomtee and into the jungles.

The town is now occupied by some of Coke's Infantry, and arrangements are being carried out for blowing up the Fort.

I am in hopes of capturing some Guns still, for information has reached me that the Enemy did not succeed in bringing them all away from Buanye.

I regret to say that these operations have cost, and are likely to cost, the lives of a considerable number of European Soldiers struck down by the sun.

The main body of the Rebels under their leaders retreated yesterday into the jungles, carrying their families with them.

FINANCIAL DEPARTMENT.

Sir,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last; viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

**MONTHLY STATEMENT of Leave of Absence granted to Unaccompanied Servants drawing more than Rupees 10 per Mensem, for the Month of**

Name of Absentee	Office held by Absentee	Monthly Salary of Absentee	Section of Rules under which Leave is granted, or nature of Leave	Period of Leave	Amount of deduction from Salary	Amount payable to Subordinate	Net Amount to be retained from Pay Abstract for the above Month	Remarks

But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the Government Gazette is granted to Unaccompanied Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,  
SIR,  
Your most obedient Servant,

## Legislative Council of India.

The 5th June 1858.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 18th May 1858 (communicated to the Legislative Council on the 5th June 1858), is hereby promulgated for general information:—

Act No. XX of 1858.

*An Act to facilitate the recovery of land and other real property, of which possession may have been wrongfully taken during the recent disturbances in the North-Western Provinces of the Presidency of Bengal.*

**WHEREAS** there is reason to believe that, during the recent disturbances in the North-Western Provinces of the Presidency of Bengal, many persons have, without authority of law, been dispossessed of land or other real property: and it is expedient to provide a more easy and speedy means whereby they may obtain redress than is afforded by the ordinary remedy of a regular Civil action: It is enacted as follows:—

1. It shall be lawful for the Executive Government of the North-Western Provinces of the Presidency of Bengal to appoint one or more Special Commissioners for the summary determination of cases of wrongful dispossession of land or other real property in any part of the territories subject to its jurisdiction; and to assign, from time to time, such local jurisdiction to the Special Commissioner or Commissioners so appointed as may appear proper.

Appointment of one or more Special Commissioners.

II. Whenever any Special Commissioner, appointed under this Act, shall be vested, by order of such Executive Government, with jurisdiction in any District or Districts or in any part or parts of any District or Districts, notice thereof shall be given by a written proclamation, of which copies shall be affixed in the several Courts and in the Offices of the several Collectors and Magistrates of such District or Districts; and the powers heretofore vested in the Courts of such District or Districts, in respect of all cases cognizable by the Special Commissioners appointed under this Act, shall be suspended until such Courts shall be informed by an order, under the signature of the Secretary to Government, that the local jurisdiction of the Special Commissioner has ceased, of which notice shall be given by proclamation in the manner aforesaid. Provided that nothing in this Section shall interfere with the trial and decision of any case which may be pending before any Court at the time of the passing of this Act, unless such case be transferred for trial and decision to a Special Commissioner appointed under this Act.

Certain powers of the Civil Courts temporarily suspended.

Proviso.

III. Any case pending before any Court sitting as a Court of original jurisdiction at the time of the passing of this Act, in respect of a matter made cognizable by a Special Commissioner appointed under its provisions, shall, on the application of the party complaining, be transferred to the Special Commissioner within the limits of whose jurisdiction the property in dispute is situate; and such Commissioner shall summon the Defendant and proceed to dispose of the case in the same manner as if it had been instituted before himself.

Disposal of pending cases.

#### IV. The Special Commissioners appointed under this Act may hold a Court

Court of the Commissioners where to be held.

at any place within the limits of their jurisdiction, which may appear most convenient for the trial of cases brought before them.

#### V. Whenever any Special Commissioner shall

Issue of proclamation.

be vested with jurisdiction under this Act, such Commissioner shall issue a proclamation

requiring all persons within the limits of his jurisdiction who may, without authority of law, have taken possession of any land or other real property, situated within such limits, subsequently to the 10th May 1857, to deliver up the same, within a period to be fixed in the proclamation, to the party who was in possession at the time when such unlawful possession was taken; and warning all persons that, in the event of their failing to comply with such requisition, and of its being afterwards proved, on the complaint of the party ousted, that they had, without authority of law, taken possession of the land or other real property mentioned in the complaint subsequently to the said 10th May 1857, and that they continue in possession of the same, they will not only be ejected from such land or other real property, and be compelled to account for any mesne profits that may have accrued during the period that they may have held possession thereof, but will also be liable to such punishment as the Special Commissioner may award under the powers vested in him by this Act. Copies of such proclamation shall be affixed in the Court of the Special Commissioner, and in the several Courts and in the Offices of the several Collectors and Magistrates of the District or Districts to which the jurisdiction of the Special Commissioner may extend.

#### VI. After the expiration of the period mentioned in the proclamation, any

Applications by persons unlawfully dispossessed.

person who may, without authority of law, have been dispossessed of any land or other

real property subsequently to the said 10th May 1857, may apply to the Commissioner, within whose jurisdiction such land or other real property is situate, to be re-instated in the possession of the same. The application may be written on plain paper, and shall contain the following particulars:—
